

Fixed Communication Allowance Policy

Objective

To provide guidelines for the coverage of monthly mobile phone expenses incurred in performance of Official Duties at Innovative Retail Concepts Supplies Pvt. Ltd. (IRCPL).

Coverage

All IRCPL employees.

Salient Features

- The company does not provide handsets and SIM Cards
- All employees who need to use mobile communication services for performance of Company duties will need to own a handset, arrange a connection, and subscribe to a plan at own cost. Those that do not need to use mobile communication services for performance of Company duties will not be covered under this policy. For example, most employees in a warehouse do not need to use mobile communication services for performance of Company duties. The Company reserves the right to determine who needs to use mobile communication services for performance of Company duties and who does not.
- In the interest of simplification, the company does not expect users to identify official calls, compute their cost and then submit claims. This makes life difficult for everyone without commensurate benefit. Therefore, specific limits have been set up for users based on level.

Procedure

- Regional Business Head/ Functional Head will decide if Fixed Communication Allowance is to be enabled for an employee, based on the employees' role.
- Employee will receive the Fixed Communication Allowance based on his/her band along with the monthly salary.
- All the payments will be done to the salary account.

Exceptions

Any exceptions to the policy will require a written approval from the respective MC member.
